

Earn a bachelor's and advanced degree in less time than earning each separately.*

Combined Degrees

Applied Psychology and Human Relations, BA / Mental Health Counseling, MS (PLV campus)

This program provides practical training in counseling and clinical psychology. It fulfills the prerequisites for certification as a licensed mental health professional in the state of New York in the areas of general psychology, substance abuse, and grief counseling.

Biology, BS / Biochemistry and Molecular Biology, MS (NYC campus)

This combined degree prepares students with professional training required in the pharmaceutical, biotech, biochemistry, and molecular biology fields, while also providing them with a broad, general background in biology.

Business Economics, BS (NYC and PLV campuses) / Applied Quantitative Economic Analysis and Policy, MS (NYC campus via hybrid)

This STEM-designated combined degree program equips students with the knowledge of economics, finance, and business management and provides advanced training in data analytics and economic policy analysis.

Communication and Media Studies, BA (NYC campus) / Communications and Digital Media, MA (online only)

This combined degree program prepares students with a strong foundation in the principles of communications as well as the hands-on learning in state-of-the-art facilities needed to succeed in the news industry, public relations, documentary filmmaking, social media management, production, and advertising.

Communications, BA (PLV campus) / Communications and Digital Media, MA (online only)

This combined degree program prepares students with a strong foundation in the principles of communications as well as the hands-on learning in state-of-the-art facilities needed to succeed in the news industry, public relations, documentary filmmaking, social media management, production, and advertising.

Digital Cinema and Filmmaking, BS (PLV campus) / Communications and Digital Media, MA (online only)

This combined degree program prepares students with a strong foundation in the principles of communications as well as the hands-on learning in state-of-the-art facilities needed to succeed in the news industry, public relations, documentary filmmaking, social media management, production, and advertising.

Digital Journalism, BS (PLV campus) / Communications and Digital Media, MA (online only)

This combined degree program prepares students with a strong foundation in the principles of communications as well as the hands-on learning in state-of-the-art facilities needed to succeed in the news industry, public relations, documentary filmmaking, social media management, production, and advertising.

Economics, BA (NYC and PLV campuses) / Applied Quantitative Economic Analysis and Policy, MS (NYC campus via hybrid)

This STEM-designated combined degree program provides advanced training in applied economics, with special emphases on quantitative skills, data analytics and economic policy analysis.

Economics, BA / Public Administration, MPA (NYC campus, White Plains campus, and online)

This combined degree program prepares students with the tools necessary to interpret and predict business, political science and legal trends through current events and issues in our competitive global marketplace.

English, Writing, and Rhetoric, BA (PLV campus) / Communications and Digital Media, MA (online only)

This combined degree program provides students with a robust interdisciplinary experience, where they will gain conceptual knowledge and practical skills to prepare for a broad range of careers, including press agent, communications director, editor, producer, and journalist.

English, Writing, and Rhetoric, BA (PLV campus) / Public Administration, MPA (NYC campus, White Plains campus, and online)

This combined degree prepares students to be competitive candidates in the public, nonprofit, and healthcare marketplaces by building foundational knowledge and skills. Successful candidates will graduate with a strong writing and research background, as well as practical hands-on skills, such as developing management expertise and in-depth knowledge of specific policy areas of interest.

English, Writing, and Rhetoric, BA (PLV campus) / Publishing, MS (NYC campus and online)

This program provides students with a robust interdisciplinary experience, through which they will gain conceptual knowledge and practice writing and editing skills to prepare for careers in the dynamic publishing and media industries.

* For accelerated bachelor's to master's degrees, students must qualify for programs upon graduate application process. Timelines vary per degree, but many may be completed in as little as five years.

Earn a bachelor's and advanced degree in less time than earning each separately.*

Combined Degrees (continued)

Environmental Studies, BA / Public Administration, MPA (NYC campus, White Plains campus, and online)

This combined program focuses on global issues such as population, poverty, biodiversity, and resource use with the goal of equipping the student with the knowledge and skills needed to help find solutions through legislation and policy change, and work in healthcare and nonprofit management.

History, BA / Public Administration, MPA (NYC campus, White Plains campus, and online)

This combined degree gives students the ability to think and communicate clearly, interpret evidence, and confront complex issues facing society today while analyzing our past, creating a strong foundation and knowledge of policy and legislative issues focusing on government theory, nonprofit and healthcare management.

Political Science, BA / Public Administration, MPA (NYC campus, White Plains campus, and online)

This combined degree provides the politically-minded student a strong foundation and knowledge of policy and legislative issues affecting our lives today and in the future by focusing on government theory, nonprofit, and healthcare management.

Psychology, BA / Psychology, MA (NYC campus)

This program offers students majoring in psychology a clear path to obtaining a master's degree with a strong practical foundation in the field of psychology in a wide variety of topics.

Psychology, BA / Mental Health Counseling, MS (PLV campus)

This program provides solid scientific background in the study of human nature as well as its application to human relationships in the areas of general counseling, substance abuse and grief, and fulfills the prerequisites for certification as a licensed mental health professional in the state of New York in the areas of general psychology, substance abuse and grief counseling.

Public Relations, BS (PLV campus) / Communications and Digital Media, MA (online only)

This combined degree program prepares students with a strong foundation in the principles of communications as well as the hands-on learning in state-of-the-art facilities needed to succeed in the news industry, public relations, documentary filmmaking, social media management, production, and advertising.

Women's and Gender Studies, BA (NYC campus) / Public Administration, MPA (NYC campus, White Plains campus, and online)

The five-year combined degree program offered by Women's and Gender Studies and Public Administration prepares students for social justice careers in nonprofit organizations and government.

Sequential Degrees (4+1)

Computational Economics, BS (NYC and PLV campuses) / Applied Quantitative Economics Analysis and Policy, MS (NYC campus via hybrid)

This STEM-designated combined degree program provides students with knowledge of computer science/information technology (machine learning, applied AI with deep learning, data mining, etc.), in addition to economics core and electives, including courses in econometrics and data analytics (R and Python).

Criminal Justice, BS / Homeland Security, MA (online only)

This combined degree program will enable students to grasp not only the essence of the criminal justice system, but offer insight on how to secure our country and communities. It will provide students with the ability to succeed in all levels of government, from a police officer, up through the multitude of law enforcement agencies at the state and federal level.

English Language and Literature, BA / Publishing, MS (NYC campus and online)

This program prepares students for careers in publishing, public relations, human resources and education. Hands-on training in publishing includes digital publishing, new business development, marketing strategy, and book and magazine production.

Pre-Health Joint Degree Programs***

- Optometry, DO (State University of New York [SUNY] College of Optometry)
- Podiatry, DPM (New York College of Podiatric Medicine)
- Pharmacy, PharmD (Albany College of Pharmacy and Health Sciences)

Other Joint Degree Programs

- (all), BA / Social Work, MSW at Yeshiva University
- Biology, BS / MS Ecology and Society (University for Peace)

* For accelerated bachelor's to master's degrees, students must qualify for programs upon graduate application process. Timelines vary per degree, but many may be completed in as little as five years. In the case of the Applied Psychology and Human Relations, BA / Mental Health Counseling, MS (Pleasantville campus) and Psychology, BA / Mental Health Counseling, MS (Pleasantville campus) programs, students can gain a full semester of tuition by taking 12 credits of graduate classes during their undergraduate studies and apply them to their master's degree.

** Adolescent education (single certification, 30 credits) or Adolescent Education and Special Education (dual certification, 39 credits).

*** Students generally follow the standard BS in Biology curriculum for the Pre-Health Joint Degree Programs; however, some programs require coursework at Pace that is in addition to the regular BS degree program.
