

DYSON COLLEGE OF ARTS AND SCIENCES

The Society of Fellows of Dyson College is the premier honors organization in the College. The Society fosters dialogue and scholarship across the fields of the arts and sciences by providing enriching experiences for students with exceptional academic abilities. Participation in Society of Fellows activities provides students with opportunities to develop their intellectual interests and present their work to the university community. Fellows membership gives recognition to this advanced level of student participation at annual interdisciplinary seminars and research conferences sponsored by the Society.

Each fall the Society hosts the off-site Weekend Retreat where students, faculty, and alumni share in discussions on a chosen topic in a casual setting. At the Society's Annual Meeting, held in early spring, students present scholarly research and artistic projects. The official journal of the Society, *Transactions*, was created to publish outstanding work written by Pace University students under the sponsorship of faculty members many of whom are Fellows. New members are recognized at the Initiation Ceremony held at the end of the spring semester.
